**PROTECTIVE ORDER**

)

THIS MATTER came before this Court on August 30, 2007 upon the oral motion of Defendant, Advanced Sawmill Machinery Equipment, Inc. (ASM), for a protective order pursuant to Rule 26(c)(5) to exclude persons from a deposition, and the Court, having heard the arguments of counsel via telephone conference, found that Cecil Gregory and Steve Randall are employees of the Plaintiff, and both had depositions noticed for August 30, 2007, and that, due to the specific nature of the claims alleged by the Plaintiff in this case – specifically the existence of an oral contract with certain terms – it is and was in the interest of justice to prohibit Cecil Gregory and Steve Randall from being present at each others depositions, the court ordered that each should be excluded from the other's deposition.

IT WAS SO ORDERED.
